

WHERE HAMON TRAIL IS ON;
JUDGE AND ACCUSED WOMAN

Below is courthouse at Ardmore, Okla., where Clara Smith Hamon is on trial for the shooting of Jake Hamon. Above are Clara Smith Hamon (photographed just before the trial began), Frank Ketch (above), administrator of Hamon's estate and a trial witness, and Judge T. W. Champion, presiding at the trial.

GIRL'S LIFE HISTORY IS
LAID BARE IN COURT

ARDMORE, Okla.—(By United Press)—Haggard and worn, Mrs. Clara Hamon was in court today when the case of Clara Smith Hamon, accused of murdering Hamon, was resumed. This was her first appearance since she broke down last Friday when the bloody, bullet-riddled garments Hamon wore when he was shot were exhibited.

Her eyes had lost their sparkle; her face was much thinner and there were lines about her mouth. She clearly showed the strain she has been under for the last several days. She was led into court by "Ropes" O'Brien, attorney in criminal cases, when she brought her from Chicago to help convict Clara Smith Hamon.

O'Brien has not been able to get into the case, but is in court as Mrs. Hamon's personal attorney.

Ereht Dunlap, pal of Jake Hamon, was the first witness to take the stand for the state.

TEARS OF SHOOTING

"Jake Hamon was sure he would die," said Dunlap, who called on Hamon at the hospital. "He said he'd never get out of the hospital until you boys take me out."

"He told me Clara put her left hand on his head and her right hand on his shoulder, that he looked up and she shot him."

Dunlap gave the same version of Hamon's death as other witnesses for the state did last week.

Dunlap said he knew of intimate relations between Clara and Hamon, that he had seen them on trains and in different cities together. The defendant paid little attention to Dunlap's testimony against her.

Frank Ketch, a thousand-dollar-a-week man, and personal friend and business associate of Hamon, took the stand immediately.

George Hodges, assistant county prosecutor, sprang to his feet and shouted:

"Three witnesses have testified that Frank Ketch was an accessory after the fact—that he gave the defendant \$5,000 and made her get out of town."

"I demand the witness be dismissed."

Hodges was over-ruled, and Ketch's testimony began.

He testified he and Hamon came to Ardmore in 1917, both interested in the Ringling railroad.

"As soon as I heard Hamon was wounded, I went to the hospital to see him," Ketch said.

SHE SHOT SELF

"Hamon said to me, 'Frank, I'm never going to get well.'"

"Jake, where is she?" I asked.

"I did it, myself," Jake said.

"Don't tell me that," I answered.

"He said he wanted it given out that he did it himself. He said to tell the world some kind of a story and to let Clara leave town. He told me to give Clara \$5,000."

Ketch identified a gun given him by Prince Preeling, prosecutor, as one he took out of Hamon's pocket at the hospital.

"I went back to the office and for the defendant, Frank Ad-

Troopers Called to Institutions to Prevent Fights Between Pupils as Feeling Still Runs High—Guard Thrown Around City Hall

SPRINGFIELD—(By Associated Press)—Fear of racial trouble between white and negro school children prompted school authorities to call for military protection during the recess and noon hour today. Soldiers were stationed around the Pleasant school to keep children from fighting.

The first grade pupils in the school were dismissed before noon today.

A guard was also thrown around the city hall to clear the streets of about 50 negroes and 20 or more whites who assembled in front of hall to see about forty men and boys held at the police headquarters awaiting arraignment before Judge Golden Davis in police court.

City Manager Edgar Parsons announced that restrictions as to public assemblage and cessation of transportation would be modified tonight. All places will be allowed to open except pool rooms and soft drink establishments. Street cars will not be stopped.

County Prosecutor Donald Kirkpatrick announced today that a special session of the grand jury would be called next week to consider returning of indictments against those

WOMEN SLAIN BY
"MYSTERY MAN"

Perth Amboy, N. J., Stirred Over Unusual Crimes

MURDERS ON-MAIN STREETS

Dens of City Searched for the "Jack the Ripper"

BERTH AMBOY, N. J.—(By United Press).—Sailors' "hang outs," "poison booze" dens and other resorts of Perth Amboy were searched today for the "Jack the ripper" who is held responsible for the death of two women in this vicinity.

His latest victim is Mrs. Harvey E. Wilson, 28, organist in the Slason Methodist Episcopal church here.

She was seized on the sidewalk within a few paces of her home, just off the main street of Perth Amboy, carried to a vacant lot and there brutally slain. Her body was left so near the sidewalk that the "ripper" craftily left her open umbrella in such a position that it would hide the white of her face from passers-by.

SHOPPERS NEARBY.

The crime is connected by police with the recent killing of a young woman in West Brighton, Staten Island, under similar circumstances. The same man is believed responsible for both murders.

The fact that Mrs. Wilson was slain just off the main street, shortly after 9 p. m. Saturday, when there were many shoppers nearby, while her widowed mother watched and listened for her home-coming, has given the case an added horror.

Afterward, they stood chattering on the corner for a few minutes. It was raining and they were huddled under umbrellas. As they separated, Miss Franko glanced at a clock tower and saw it was 9:20 p. m. A woman has informed police she saw the girls part and saw a short, thick man, who looked like a foreigner, as she expressed it, follow one of them.

Mrs. Wilson turned from the brightly-lighted street into the residence street where she lived with her mother in an apartment.

Police believe he had taken but a few steps down the side street when the "ripper" knocked her down with a blow on the head. Detectives declared footprints in the mud showed the man carried his victim from the sidewalk to the vacant lot. There was a desperate struggle in the lot, indicated by a trampled area. The exact cause of the death, surgeons said, was heart failure due to fright.

Two hours later the mother notified neighbors. The barking of dogs, which became audible when the raid slackened, led searchers to the body at 12:15 a. m.

Mrs. Wilson has been living apart from her husband, who is in the west on a business trip.

Packers' Workers Strike Vote Result Expected Then

REMAIN ON JOBS MEANTIME

Losing Money, Forced to Cut Pay, Plants Claim

CHICAGO—(By Associated Press)—While awaiting the outcome of mediation plans and the result of a strike vote, employees in the packing plants of Chicago and other centers in the middle west had decided to go to work today under the reduced wage scale announced by the five leading packers which goes into effect today. More than 100,000 men are affected by the reductions of 15 and 12 1/2 per cent in the hourly rate and piece work rate respectively, with time and a half for overtime only after ten hours.

"Any assumption that we are attempting to establish a ten hour day is wrong," said a statement from Armour and Company today in answer to charges of union leaders. "The whistle in the Armour plants will continue to blow at the end of eight hours' work each day."

MAY MEET FRIDAY

At mass meetings held in a half dozen packing cities yesterday the workers were advised to remain at work until the strike vote was completed, which it was said here would be about Friday. Union leaders suggested Friday, March 18, as the date for the proposed conference in Washington of representatives of employers and employees, with James J. Davis, secretary of labor. According to reports here, Secretary Davis had not yet received but one official response from the packers to his mediation proposal. Wilson and Company agreed to send two representatives.

In a drastic shakeup of the police department, Captain Wesley H. Westbrook was on duty today in the stockyards police district, because of his ability to cope with union troubles, Chief of Police Fitzmorris said.

LOSING MONEY, CLAIM

"Our cut in wages is small when compared to other firms," said the statement of Armour and Company. "We have a list of 21 other firms reducing wages where the decreases ran from 14.25 to 33.34 per cent. The stockholders of Armour and Company could not dodge the fact that we are losing money. That is why wages are reduced."

Thousands of packing house employees marched in the rain "back of the yards," here yesterday afternoon and later listened to outdoor speeches of union leaders who urged them not to start a runaway strike.

Packing house employees in Fort Worth, Kansas City, and Sioux City also decided at mass meetings yesterday to go to work today pending completing of the strike vote. Employees in the Omaha plants planned to hold a meeting tonight to discuss their action. The wage cut will be delayed until April 11 in the plants at St. Louis and St. Joseph, Mo. It was stated by C. K. Urquhart, manager of the St. Louis plant because of a state law requiring thirty days' notice for wage reductions in manufacturing concerns.

Peremptory Action of State Highway Commission

ORDER WILL BE CONTESTED

County Commissioners Meet State Board Wednesday

Scant notice was given the board of Allen county commissioners by State Highway Commissioner Leon Herrick, Columbus, that the State Highway Commission had decided to lop off \$208,000 of an appropriation of \$300,000 federal aid for highways in Allen co.

The commissioners were almost thrown into a panic, Monday, upon receipt of notice of the unexplained cut in the appropriation and immediately took steps to avert it if possible.

COMMISSIONERS ASK HELP

A meeting of the Good roads committee of the chamber of commerce, Joe Hartline, chairman, with county commissioners Craig, Mackenzie and Gray, was called for Monday afternoon, at the court house, to take steps looking toward preventing the cut announced by Herrick.

The commissioners and others from Lima will meet with the state highway commission at Columbus Wednesday, in an effort to bring about a change in the commission's plans.

"The only notice we have of the prospect of the big loss to Allen county," Commissioner W. W. Craig stated Monday, "is in the form of a letter from Herrick which merely makes the statement that it had been decided a \$200,000 be made."

AFFECTS TWO ROADS

Appropriations made in aid of the federal government were in aid of the road from Lima to Kenton and station, in the sum of \$125,000 and \$130,000 for the Bellefontaine road.

Information concerning the lopping off of two-thirds of the total appropriation was received Monday from Columbus and was verified by the commissioners after a letter from State Highway Commissioner had been received.

Without the aid voted some time ago and which Herrick seeks to take away, Allen co. will be unable to carry out big road improvements planned, it is stated.

The state highway commission recently reduced good roads appropriation for Hardin and Auglaize cos, it is stated.

WILL MAKE PROTEST

In an effort to have the order of the state highway commission revoked, the county commissioners, Prosecuting Attorney Lippincott and Surveyor Miller will meet the commission at Columbus Wednesday.

If results are not obtained, it is planned to send a delegation of Lima men to Columbus later. It is understood the cuts are being made in aid of the Lincoln highway.

4 AUTOS IN CRASH
AT CROSSROADS

Six Persons in Jeopardy When Cars Meet in Fog

DELPHOS—(Special)—Six persons miraculously escaped death shortly after midnight Sunday, when four automobiles jammed together at a road crossing five miles west of this city on the Lincoln highway.

Two of the cars, one a Ford being driven by Clarence O'Donnell, son of Mr. and Mrs. M. C. O'Donnell of this city and the other a Dodge being driven by Lewis Long, were completely demolished. The Ford belonged to Attorney W. S. Kimball, prominent Delphos attorney, who was riding in the rear seat with his son, Paul. Miss Hyacinth Metzger, daughter of John E. Metzger, Delphos, was in the front seat with O'Donnell.

Miss Metzger and the driver were thrown thru the windshield of the automobile but escaped with a few minor scratches and bruises.

The other two cars, being driven by unidentified parties, jammed together when trying to pass the wrecked cars.

A heavy fog that enveloped the road is blamed for the midnight mix-up.

5 BARRELS OF ALCOHOL
TAKEN BY BANDITS

CLEVELAND—After overpowering the watchman at the plant of the Mustertole Company, early today, six men escaped with five barrels of alcohol.

The men surprised the night watchman as he was making his rounds. One of the men pulled a blackjack and struck him over the head when he attempted to give alarm. The alcohol stolen was valued at \$1,500.

NEW TARIFF BILL
IS PLANNED

Congress Committee Working on Emergency Measure

WASHINGTON—(By Associated Press)—Formulation of a definite program for tariff and internal revenue legislation confronted Republican members of the senate finance committee and the house ways and means committee today on meeting with Secretary of the Treasury Mellon to draft detailed recommendations to be submitted to President Harding.

Whether enactment of a stop gap emergency tariff measure should be given precedence over revenue legislation was one of the questions to be decided. Altho the Republican members of both committees were known to hold divergent views on this point, the drift of sentiment appeared to favor an attempt to put thru as speedily as possible after convening of congress in April a new emergency tariff measure for the protection of agricultural interests.

Senator Penrose, chairman of the finance committee, has expressed the opinion that such a measure could be passed in short time if more closely limited in its schedule than was the Fordney bill, vetoed by former President Wilson.

With a definite agreement reached on the program to be followed, both senate and house committees planned to begin work probably this week on the fiscal legislation for the April session, the latter for taking the draft of the first bill to be introduced immediately upon the convening of congress.

WOMAN QUIZZED IN
MURDER AT CLEVELAND

CLEVELAND.—Police today were questioning a woman and two men in connection with the mysterious shooting of John Golas in his home shortly after midnight.

Golas told conflicting stories as to how he had been wounded. One story was that he had been shot while lying in bed by a bullet coming thru a window. Another was that a stove had exploded, sending bits of iron flying thru the room.

Physicians say he will recover.

JEWS PERILED BY
VIENNA MOBS

Threatened Slaughter, However Nipped by Police

VIENNA—(By Associated Press)—Anti-Jewish disorders which broke out here last evening threatened for a time to develop into a serious situation, but the police, late in the evening, succeeded in scattering crowds on the streets and in preventing possible loss of life. Shop owners by Jews were damaged by stones thrown by riotous crowds, and in a few cases Jews were beaten.

The disorder began at the congress of the Austrian Anti-Semetic Association, which has been in session here for several days. During the sitting late yesterday afternoon, the congress, which is being attended by delegates from 62 chapters of the organization in Austria, and a few representatives of Bavarian and Hungarian anti-Jewish societies, was addressed by speakers who urged radical measures. They advocated pogroms, and the organization of "Whites" in Austria.

While this meeting was going on large crowds assembled in Rathaus Square, where similar addresses were given, speakers declaring that the Jews constituted a menace because of profligate living. Two Jewish students were found in a crowd, and were beaten and driven away.

At dusk, the meeting broke up and great crowds swept thru the streets singing German songs and shouting "away with the Jews." Now and then a tinkle of glass told of a stone being thrown thru a window. The crowd moved steadily toward a Jewish quarter of the city but large forces of police had been summoned to bridges across the canal, over which the crowds must move to reach the Ghetto of Vienna. The rioters were turned back, but there was more or less rowdiness and street fighting before the police succeeded in dispersing the mob.

CADET'S DEATH

West Point Boy Kills Self in Classmates' Presence

WEST POINT, N. Y.—(By Associated Press)—Despondent because of his low scholastic standing at the United States Military Academy, James L. Baum, Jr., of Atlantic City, N. J., a second class man, shot himself thru the head in the presence of his comrades last Saturday. It became known today.

Baum was walking with several comrades to a recitation hall when he suddenly halted, drew an army pistol and fired a shot thru his temple. Several cadets tried to knock the weapon from his hands but they were too late.

He was taken to the hospital and died a few hours later. An inquest disclosed that Baum was suffering from dementia praecox, it was announced at the academy.

In a letter addressed to a classmate, Baum said he was taking his life because he feared he would not make a good officer.

His mother came here and took charge of the body. The funeral was held privately this afternoon and interment was made in the National cemetery here overlooking the Hudson.

RUBBER PLANT RESUMES
FULL TIME OPERATIONS

CHICOPEE, Mass.—The Flske Rubber Company, which has been operating on a three day schedule since December 1, today resumed full time and a wage reduction on both day and piece work was put into effect which amounts to an average of ten per cent. About 1,800 employees are affected. Increased overhead expenses and the shortened schedule makes the return to full time and wage reduction necessary the company states.

FATHER ON TRIAL
AS SON DIES

Pathos Enters Into West Virginia Murder Case

WILLIAMSON, W. Va.—(By Associated Press).—A touch of pathos entered into the Matewan gun fight trial when Circuit court convened this morning. After the 17 defendants had taken their seats, it was announced that the two-year-old son of one of their number, Arch Williams, had died during the night. The defendant, however, was in his accustomed place and rebuttal testimony was continued.

"Doug" Mounts, another of the defendants whose illness last week delayed the progress of the trial to some extent, appeared in court with one eye closed and his face painted with iodine. It was announced that he was suffering with influenza in the throat. He told Presiding Judge R. D. Bailey that he was very sick but declared that he would stay in court if he died in his chair.

The first rebuttal witnesses called were women employees at the Uralis hotel, at Matewan the day of the pistol and rifle fight last May. Before the fight ended seven private detectives, the town mayor and two other residents received wounds that caused their death. It is in connection with the death of Albert C. Felts, leader of the detective party who fell mortally wounded in the engagement that 17 Matewanians, including Chief of Police Sid Hatfield, are being tried.

SWEDISH FEMALES WIN VOTE

Suffrage Association Organized in Japanese Capital.

By WILLIAM L. MALLABAR
International News Service Staff Correspondent

LONDON — Women are rapidly forcing to the forefront of the world's affairs, according to an announcement made by the International Women's Suffrage Alliance. In a report recently issued by the I. W. S. A. much jubilation is expressed over the statements that have been received during the past few months from all quarters of the globe, including even the Far East. The report says:

"On January 26 the Swedish Parliament definitely incorporated women's suffrage in the constitution. Swedish women will vote for the first time this year."

"The Swedish Parliament has also passed a bill making women eligible for all the higher posts in the civil service (including military and diplomatic posts) on the principle of equal pay for equal work."

"The women of Western Australia are now eligible for the Assembly and Legislative Council, the Qualification of Women for Parliament Bill having passed both houses."

"The Spanish Republic Party at its recent convention decided unanimously to place the rights of women on its programme."

"A National Woman Suffrage Association has been formed in Tokio, Japan. Mrs. Kubisito, well known in temperance work has been elected president of the organization."

"Eastern women are coming rapidly into the world's woman suffrage movement. Japan, China, Palestine, Egypt and India all have associations which are affiliated or seeking affiliation with the International Woman Suffrage Alliance."

"M. Brind, the new French Premier, is a convinced woman suffragist. The French Deputies who are supporters of the woman suffrage movement in France have now pledged themselves to the active support not only of woman suffrage, but also of bills permitting a woman to retain her full civil rights in marriage on a divorcing fully to woman the legal profession."

"The Prussian Minister of Justice has decreed that women shall not be admitted to the examinations qualifying them for the higher offices of the law. The Prussian elections will be held soon and women suffragists and voters will protest against this violation of the spirit of the new German Constitution which expressly states that all offices of State shall be open to any subject, irrespective of sex, provided he or she qualifies."

"HUNGARIAN WOMEN AROUSED — An attempt is being made by the reactionary party in Hungary to disfranchise Hungarian women and bills for this purpose may be introduced this spring. The Hungarian Woman Suffrage Society is devoting the whole strength of the organization to defeat this attempt—the first attempt ever made in history to disfranchise the enfranchised."

"In Finland a bill has been introduced by the Government which will much improve the position of the illegitimate child. The bill, if passed, will place the illegitimate child on the same footing with regard to inheritance from the mother and the mother's family as her legitimate children. The father will be obliged to contribute to the maintenance of the child up to the age of sixteen and this sum may, if necessary, be deducted from his wages or income. Official guardians will be appointed in every town and country parish to safeguard the interests of the illegitimate child."

"Referring to the United States the reports note with great pleasure that Miss Adeline Stewart has been appointed there as a national bank examiner—the first of her sex to be so appointed."

FLYERS ON WATCH FOR FIRES

California Region is Guarded by Air Patrol

LOS ANGELES — The practicability of employing a small dirigible balloon in aerial forest patrol work is being thoroughly investigated by the forestry service in Washington and it is regarded as possible that one or two of the many blimps will be added to the air patrol service in the Los Angeles, Cleveland and Santa Barbara regions. Many airplanes are now engaged in this fire prevention service.

Major F. W. Kelley, of the Washington office, has been in Los Angeles conferring with manufacturers of the blimps and with Shirley Allen, supervisor of the Angeles reserve. Major Kelley said his superiors in Washington had been in correspondence with the manufacturers and with forestry officials on the Pacific coast as to the services a blimp could give in fire protection work in the national forests.

The visitor said that many arguments in favor of a blimp had been advanced. One is that a blimp carrying passengers could convey fire-fighting rangers to segregated mountain canyons to fight fire which otherwise could not be reached until after many hours of climbing. Another is that the gas bag can be held stationary in the vicinity of a fire. They could also be used in transporting supplies such as food, water and the fighting tools to rangers in remote places and carrying wireless apparatus to far inland points for use of rangers and lookout posts.

MURDER SCENTED IN RIVER FIND

Suspected That R. R. Agent At Haviland Was Slain

THIEF'S LOOT UNDER BRIDGE

May Drag Auglaize River at Charloe Bridge

DELPHOS — (Special) — Residents of Charloe and Haviland, Paulding-co., are firm in the belief that if the Auglaize river is dragged beneath the Charloe bridge, evidence of a robbery and murder will be found.

This belief is based on the discovery by Harry Weller, a farmer of Haviland, of boxes containing underwear and accessories, floating under the bridge.

It is thought that they are a part of the loot taken from the station of Cincinnati Northern railroad when the station was broken into several days ago. On the night before the robbery, the station agent of Haviland left his wife and children for Toledo, and has not been heard from since.

The night before the finding of the loot, a large truck was seen driving in the vicinity of the river for some time, and farmers who noticed the truck under the impression something was being hidden. They claim the robbers could have hidden the loot in half the time they were there, and that they might have been disposing of the body of the missing station manager.

Industrial conditions are greatly improving here. At one time about 300 men were working the streets in this city. The American Road Machine Co. is now taking on men and other plants are adding to their force.

In the opinion of the committee, the chautauqua selected to appear here later in the best they ever signed for. The Redpath Bureau is furnishing the talent.

Joseph Schmidt, E. Sixth-st., was arrested late Friday night on a warrant sworn to by E. E. Barnes, charging Schmidt with disorderly conduct at his home Sunday. He pleaded guilty and was fined \$10 and sentenced to 60 days. The jail sentence was suspended pending good behavior.

The basement of the M. R. Ford home was slightly damaged Saturday by fire.

His despondent condition is believed responsible for the act.

POWER OF SLAIN MAN REVEALED

Story of Jake Hamon's Political Life Told

"TURNED TIDE TO HARDING"

Work at Chicago Convention Related by Witness

(By CARL VICTOR LITTLE)
(United Press Staff Correspondent)

COURT HOUSE, ARDMORE, Okla. — William M. Nichols today revealed to the United Press what he tried to tell the jury the other day—the power Jake Hamon wielded in national politics.

Nichols was the political lieutenant and adviser of Jake Hamon, whose secretary-protégé, Clara Smith Hamon, is on trial for Hamon's murder.

Nichols, witness for the state, gave the following testimony on Saturday concerning a talk he had with Hamon just before he died:

"Jake Hamon told me to go straight to Warren Harding and get some of his friends taken care of. His story was stopped abruptly in court, but here is the rest of it, he told today."

FIRST FOR WOOD

"I am going to make good on the dying request of Jake Hamon. I am going to the White House to see President Harding in two weeks."

"Shakespeare said: 'The evil men do live after them, the good is often interred with their bones.' He was right, judging from most of the testimony in this case. However, I want the world to know the powerful Jake Hamon as I knew him."

"Jake Hamon, whose wife is President Harding's first cousin, was one of the most powerful men in the Republican party."

"Hamon first favored the nomination of Major General Leonard Wood. But Wood appointed a political enemy of Hamon's as one of his chief lieutenants. Jake Hamon then broke with the general."

"Andy King, of Boston, one of the leading Wood boosters, tried to prevent the break, but Hamon told him vehemently: 'King, I'm thru with Leonard Wood.'"

"Hamon was elected as national committeeman in the March primaries. He ruled the Republican state convention at Oklahoma City shortly afterward. The convention decided that Oklahoma's delegates to the Republican national convention would boost Governor Frank Lowden of Illinois."

TURNED TO HARDING

"At the little conference, in Room 914 at the Blackstone Hotel on the night before the Chicago convention opened, Jake Hamon was the boss."

"It was Hamon who looked squarely at Lowden that night and said: 'Frank, you haven't got a Chinaman's chance for the nomination. But I am going to stick to you for awhile to give you a chance. Then we go for Warren Harding.'"

"Hamon got the delegates from Pennsylvania, Oklahoma, Kentucky, Arizona, to agree to go thru on that plan."

"It was about that time that Hamon met Major General Leonard Wood. And Wood asked Hamon's support."

"Hamon said: 'General, I like you; but I am going to fight you.'"

"Jake Hamon's man is in the White House. It was Hamon that started the swing to Harding at the convention."

"Jake Hamon did what no man ever did before; he put Oklahoma in the Republican column for the first time in history."

"Hamon appreciated this fully while lying on his death bed. Hamon received several messages from the president-elect."

"As Hamon's warm personal friend and close confidential adviser, I make this statement: If Jake Hamon had not been shot, he would have been the secretary of interior instead of Albert B. Fall, of New Mexico. The job was already offered him."

"The state today is expected to present the remainder of its witnesses that is unless Mrs. Jake Hamon, the dead man's widow, is called to the stand, but this is doubtful."

Sam Blair, newspaper man, Fred Ellis and Eric Dunlap, business associates of Hamon, are also slated to appear for the state.

The defense will call its witnesses for tomorrow.

Most of the seats in the court room were filled at 7:30 this morning. Murder fans started coming to the courtroom early as 6 a. m.

IRISHMEN HANGED IN PAIRS

Die At Hour Intervals For Killing British Officers

20,000 PEOPLE AT THE SCENE

Prayers Offered and Hymns Sung by Crowd

DUBLIN. — (By Associated Press)

Six prisoners convicted of complicity with the killing of British intelligence officers and members of the crown forces in Ireland, were executed in Mount Joy prison, this city, this morning. The men were hanged in pairs at intervals of an hour.

Twenty thousand people gathered outside the prison during the hours that the executions were going on and all work in the city stopped until eleven o'clock. Even the post office was closed and telegraph service was suspended.

IMPRESSIVE SCENE

The scene in front of the prison was impressive. The crowd began assembling at dawn and by six o'clock the prison yard was packed. An hour later the crowd had filled the roadway leading to the prison and all the abutting streets. An altar had been improvised near the prison doors and on the walls and trees in the prison yard sacred images and pictures had been placed.

Everywhere candles were burned, scores of persons in the heart of the dense throng holding them aloft throughout the long vigil. Here and there priests or women led in prayers or hymns in which all joined earnestly. Hundreds kneeling in the roadway were forced to rise when an armored car forced its way thru the crowds.

SOLDIERS ON WATCH

From five o'clock this morning it moved back and forth in front of the prison. On the roof of the jail, overlooking the entrance a cast-iron sentry box had been erected overnight from which a soldier kept careful watch on the crowd.

Two of the men executed, Patrick Moran and Thomas Whelan, were charged with complicity in the killing of intelligence officers in Dublin on November 21, last. Whelan's two brothers are in the United States, one of them in the American army.

The other four men to die, Frank Flood, Bernard Ryan, Thomas Bryan and Patrick Doyle, were accused of participating in an ambush near here in January in which one member of the attacking party was killed.

TWO WIVES SEEK DIVORCES

Mrs. Lipps and Mrs. Peterman Filed Suits Monday

The Allen-co divorce mill began to grind with the opening of court, Monday. Two suits were filed in less than an hour after the court house opened.

Mrs. Mildred Lipps seeks separation from Raymond Lipps, to whom she was married just after Christmas in 1918. They have a son, Raymond, Jr., three months old.

Mrs. Lipps charges her husband spent his money mainly for his own pleasure and neglected to provide her a home and the comforts of life. She said she was forced to seek employment and the assistance of relatives and friends for support. She asserted he attacked her in her mother's home on March 8, last, twisting and distorting her arms.

Mrs. Minnie Peterman, after having reared a family of children, all of whom are grown and able to care for themselves, asks for a divorce from Perry Peterman, 421 Linn-st., Findlay. They were married in Toledo in August, 1885.

Altho John Baijovorn is supposed to have long been buried, Mrs. Peterman charges her husband with habitual drunkenness. She says she was forced to work to provide for herself, while her husband spent his time in idleness.

JOHNSTOWN, PA., WAR VETERAN TAKEN ILL HERE

Charles R. Wood, 30, world war veteran and member of the American Legion, became very ill Sunday at Erie railroad and St. Johns-ave. Wood's home is said to be in Johnstown, Pa., and he is declared to have come to Lima by beating his way.

He was removed to the City hospital.

PLANES USED FOR LAYING CABLES

Airships Put to New and Successful Service

RAPID WORK SHOWN IN TEST

Six-Mile Line is Established in Eight Minutes

WASHINGTON — (By Associated Press)

A new job for airplanes—laying of land telegraph cables—has been tried out successfully in Sweden, according to army air service reports. A six mile stretch was laid and put into service in eight minutes by a plane that came from the station 40 miles away. Of the eight minutes six were spent in flight and the other two in making connections.

EQUIPMENT SIMPLE

Great possibilities, both military and commercial, are seen by air service officers in this enterprise. Equipment of planes for cable laying is said to be simple and inexpensive. For battle use, it is declared, the system may well prove an effective means in the hands of army chiefs for influencing the outcome of the struggle.

"In the course of operations in the open field" as says the report, "a connection can be brought about immediately, as for instance between two different marching columns, or between a column and a base, or between the base and a distant point. Another valuable use would be in establishing communications with troops on forced marches either during an advance or a retreat. In trench warfare, lines of communication destroyed by enemy fire can be restored even in the middle of violent action."

PLAN OF OPERATION

There is no need for the plane to alight. The cable is unreeled from the machine in flight with a flag marker at the end to guide signalmen on the ground to it. When over the point at the other end of the stretch of ground to be covered, the wire is cut from the reel and the free end weighted, marked and dropped. The men below merely have to pick it up and connect it to begin talking with the forces at the other end.

For commercial purposes, the report suggests that cable laying from the air may well prove valuable in forestry and forest fire protection, scientific exploration or other endeavors where communication is necessary "yet too difficult of installation by other means."

APPEALS COURT MAY NOT HEAR MARCUS SHOW CASE

Arguments of the case of "The Marcus Show of 1920" may never be heard in the court of appeals.

While the question as to whether the show might appear in Lima was appealed to that court on Saturday, March 5, since that no action has been taken. Neither has any effort been made to set a date for arguments, nor to have the case speedily disposed of.

It is probable it will suffer a slow death in the appellate court and Lima will not have the opportunity of seeing the Marcus show this season.

It was not permitted to be presented at the Marcus opera house after Judge F. C. Becker, in common pleas court, ruled the law was against its appearance.

FIFTY IN JAIL AT SPRINGFIELD

More Shooting Reported—Troops Still on Guard

SPRINGFIELD, O. — (By Associated Press) — More than twenty persons, most of them said to be boys under 20, arrested by the police and military authorities in connection with racial disturbances here, were to be arraigned in police court this morning. Carrying concealed weapons was the charge against most of them. Police Judge Golden C. Davis was to hold court in police headquarters on account of the regular court rooms being occupied as headquarters for the troops.

There was no serious trouble over Sunday. There were reports of shots being fired in several parts of the city. One of the shots was found to have been fired by a negro from his home. He said he shot at a man who was shaking the door at the home of a neighbor, Mrs. Albert Thompson, widow of a former policeman, that he was protecting her. He was not arrested. Police say many of the negroes have rifles and revolvers in their homes for protection against invasion.

The county jail was taxed to capacity today with more than 50 prisoners confined behind bars. Not all of them will be arraigned in court. Some, merely held for safekeeping, will be released it is said. There was a heavy guard of troops around the jail all last night and all persons passing in the vicinity of the jail were halted. The guard will be continued today.

Colonel Haubrich in command of the troops, and city authorities were to confer this morning on the situation and the outcome of this conference is expected to determine whether restrictions against public assemblage, opening of cigar stores, pool rooms and theatres and suspension of transportation shall be placed in effect again tonight. There is said to be little prospect of the troops being recalled today. Restrictions may be lifted for one or two nights before the guards are permitted to leave the city.

SHORT SHAVINGS

Mose Johnson was under sentence of death in a Kentucky jail, and the fateful day drew near he grew

very nervous about it. His keeper, a sympathetic man, suggested that Mose's only hope lay in an appeal to the governor. As Mose could not write the keeper offered to write a letter from dictation.

Mose, after collecting his thoughts, very earnestly for a full five minutes, dictated the following:

"Dear Marso Guv'nah: They're fixin' to hang me come this Friday, and here it am Tuesday. Mose Johnson."

Said the manager to the office boy:

"Come here, George."

"Well, sir?" replied George.

"I have cautioned about being late and here you are late again. I insist that you be on time in the future. What's the matter, any sickness at your house?"

"Yes, sir," said George, "sleeping sickness."

GUARD AGAINST AN EPIDEMIC

Enrich and Strengthen Your Blood Now With That Splendid Tonic, Gude's Pepto-Mangan

Rich Red Blood Fights Germs

If You Are Pale, Over-tired, Lacking in Energy and Enthusiasm, Your Blood is Probably Thin and Needs a Tonic

The first and perhaps the only thing you can do to avoid the dangers that would come if there were an epidemic, is to take special care of your health. Keep your blood in good condition. The blood very often gets in bad shape almost without your knowing it. How many times you feel tired and exhausted. You have an all-gone feeling for weeks. You don't care about eating or going anywhere. Your work becomes an effort and you wake up in the morning more tired than when you went to bed.

When you feel like that, look to your blood. You can be pretty sure it is in a weakened condition. You have been straining either mentally or physically and your blood has become clogged with poison.

Don't let yourself get run down. If you do not feel right, begin taking Gude's Pepto-Mangan and keep it up for a while.

Gude's Pepto-Mangan is put up in both liquid and tablet form, and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer and be sure it is genuine "Gude's Pepto-Mangan." The name "Gude's" is on the package.—Adv.

NIFTY TOGS FOR LIMA "COPS"

Order Placed by Chief Roush for Summer Uniforms

Lima is going to have the sportiest bunch of "cops" this summer it has ever had.

Nifty summer suits, brightly trimmed in the latest fashion, were ordered Monday by Chief of Police O. J. Roush.

The coats will be exactly like those used by men for street wear, save that they will be blue, with light trimming and the emblematic brass buttons.

By this plan, Chief Roush expects to protect his "blue coats" from mid-summer heat. The military collar will be entirely done away with.

The men may choose their own colored shirts and may wear the kind of collar that is the most comfortable to them.

Trousers will be made to correspond with the style of the coats. They will be tight legged, with a small cuff.

All in all, they're going to be some classy looking boys when they step out in their new togs.

All Mothers Will Find Use For This Laxative

Give Dr. Caldwell's Syrup Pepsin to a constipated child and note its quick recovery.

In a growing family the subject of thought with the parents is how to keep the children healthy and happy, and what to do when they become ill. Most illnesses of childhood are the symptoms of constipation, such as headaches, coated tongues, flatulence, dizziness, loss of appetite and sleep, biliousness, etc.

You can surely feel safe in doing what tens of thousands of others do with good results, so give, according to the age of the child, a small quantity of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought last year at drug stores. It is America's favorite family remedy for constipation, indigestion and similar ills, and is especially suitable for children, women and old folks as it is so mild and gentle in action.

There is no secret about Dr. Caldwell's Syrup Pepsin. It is a combination of Egyptian Senna and other simple laxative herbs with pepsin and pleasant tasting aromatics. Druggists have sold it for thirty years, and a sixty cent bottle will last for months. Experienced mothers are never without it in the house.

DISTRIBUTION OF TAX MONEY

\$744,463.40 Paid Out by Auditor and Treasurer

68 PER CENT OF TOTAL TAX

Townships and School Districts Receive Their Share

Distribution of the March settlement of taxes and warrants for amounts each sub-division of Allen county is entitled to for the next six months has been made by County Auditor C. R. Phillips and his assistants. The total of \$744,463.40 paid out is approximately 68 per cent of the total tax collection of \$1,075,000.

Following are amounts received by each township, corporation and city of Lima:

Bluffton—\$5,210.28; Beaverdam—\$4,667.77; Bluffton—\$198.45; Monroe—\$6,555.57; West—\$1,887.31; Marion—\$6,385.96; Sugar Creek—\$1,787.31; Marion—\$6,385.96; DeWitt—\$4,158.08; Spencer—\$6,960.51; Amanda—\$3,657.44; American—\$4,402.45; Elida—\$6,605.24; Bath—\$5,321.14; Jackson—\$5,208.40; Lafayette—\$3,716.24; Auglaize—\$4,451.17; Perry—\$3,941.64; Shawnee—\$1,117.82; City of Lima—\$15,491.15; Harrod village—\$32.51.

WHAT SCHOOL GET

Rural and village school districts receive the following amounts:

Bluffton rural, \$9,841.29; Monroe rural, \$7,952.65; Sugar Creek rural, \$9,775.10; Marion rural, \$9,410.11; Spencer rural, \$2,874.06; Beaverdam village, \$2,861.96; DeWitt village, \$7,517.09; Marion village (township), \$7,617.09; American rural, \$7,939.76; Elida village, \$3,275.82; Bath rural, \$10,104.73; Jackson rural, \$8,829.43; Lafayette village, \$6,916.75; Auglaize rural, \$8,084.47; Westminster village, \$5,589.86; Perry rural (township), \$6,012.71; Perry rural (special), \$2,566.58; Shawnee rural, \$1,082.17; Lima, \$237,124.09; Beaverdam village, \$2,283.75; West Harrod village, \$2,984.42.

Because of the school districts of Delphos, Landeck and Bluffton lie partly in other counties, Allen county has a sum of money from those counties with which to assist in taking care of the schools. For the same reason Allen county pays \$33.60 to Auglaize county because of the Buckland village school district.

Delphos school district secures \$17,535 from Allen county and \$9,159.05 from Van Wert county, a total of \$26,694.00. Landeck rural school district secures \$219.61 from Allen county and \$195.35 from Van Wert county, a total of \$414.96. Bluffton school district is entitled to \$16,771.92 from Allen county and \$47.66 from Hancock county, a total of \$16,819.58. Buckland village gets \$171.04 from Allen county and pays \$33.60 to Auglaize county, a total of \$137.44.

Because part of Shawnee township, according to congressional districts, is considered in Auglaize county, Allen county must pay Auglaize county as interest on its irreducible school debt \$196.04. Jackson, allotted \$5,208.40, loses \$418.25 for park purposes, a total amount of \$4,790.15 being allowed that township for tax purposes for the six months.

COMMUNION WINE HASN'T ANY "KICK"

BOSTON—Burglars who break into Baptist churches or parsonages seeking forbidden fruits in the form of communion wine, will actually get a "kick," according to the Rev. Dr. Austen K. de Blois, D. D., pastor of the First Baptist church.

Dr. de Blois, whose study was recently released, announces to prospective wine thieves in particular that only unfermented wine, or grape juice, is used for communion by Baptist churches.

RAILROAD HEADS TO BE QUIZZED

Called Before Labor Board in Wage Dispute

DEMANDED BY THE UNIONS

Can Give "Illuminating Information", Attorney Says

CHICAGO—(By Associated Press)—The railroad labor board today requested four railroad heads to appear before it Wednesday morning to testify in the hearing over the national agreements. The men summoned were T. Dewitt Cuyler, chairman of the Association of Railroad Executives; W. W. Atterbury, president of the Pennsylvania; Carl R. Gray, president of the Union Pacific, and H. S. Binkerd, assistant to Mr. Atterbury.

The decision to summon the men was made in executive session after Frank P. Walsh, attorney for the four brotherhoods, had refused to go on with rebuttal testimony unless the witnesses were called.

Mr. Walsh referred to the labor situation in the packing industry, charging that the packers had "joined with the Morgans and Gays and railroad heads in a concerted attempt to ruin labor unions forever."

MEN CALLED FOR

Mr. Walsh presented a list of men he wanted subpoenaed some time ago with the request that the board have them appear last Thursday. The hearing then was postponed until today and this morning Mr. Walsh made public the following list of officials whom he said could give illuminating information if called before the board:

W. W. Atterbury, of the Pennsylvania lines; Hale Holden, of the Chicago, Burlington and Quincy; C. H. Markham, of the Illinois Central; H. E. Byram, of the Chicago, Milwaukee and St. Paul; Carl R. Gray, of the Union Pacific; W. G. Bester, of the Central of New Jersey; E. E. Loomis, of the Lehigh Valley; J. H. Young, of the Norfolk and Southern; J. H. Hustis, of the Boston and Maine; N. D. Maher, of the Norfolk and Western; and W. R. Scott, of the Southern Pacific.

OTHERS SOUGHT

These men were said to constitute the labor committee of the Association of Railroad Executives.

Subpoenas also were asked for T. Dewitt Cuyler, chairman of the Association of Railroad Executives; Robert S. Binkerd, assistant to Mr. Atterbury, and the following heads of various railroad statistical bureaus:

J. W. Higgins, Charles T. Neill, A. W. Trenholm Sr., and John G. Walber.

Walber and Neill, were present at the hearing but Mr. Walsh refused to put them on the stand. He said he wanted to question Atterbury, Gray, Binkerd and Cuyler first.

WAYFARERS VOTE IN FAVOR OF CLUB HOUSE

Seventy-five members of the Wayfarers club at a meeting Sunday afternoon in their rooms in the American Bank block, unanimously voted in favor of the purchase of a club house.

A committee with Don Johns, president, as the chairman, has several places in view, but it is probable that the new home will be on W. Market-st.

A definite announcement of the purchase or lease will probably be announced later this week, Don Johns said Monday.

It was also decided at the meeting to hold their next dance for members and their friends a week from Saturday night.

BONDS BID IN BY CHICAGO FIRM

Halsey, Stuart & Co. Awarded \$56,000 Lima Securities

Halsey, Stuart & Co., Chicago, Ill., were the successful bidders on the \$56,000 city's portion of the trunk sewer bonds Monday noon and will be awarded the bonds by City Auditor Rupert. Sealed bids were received.

The firm bid \$1,217, \$500 more than the nearest competitor, which will reduce the amount of interest the city will have to pay on the bids 25 per cent, from 6 per cent to 5.75 per cent.

The bonds will be dated March 1, 1921, and will mature \$2,000 annually beginning March 1, 1931. The bonds will bear interest from date at the rate of 6 per cent per annum, payable semi-annually. They are issued for the purpose of

obtaining money to pay the city's portion of the cost and expense of installing relief trunk sewers in the Lima sewer district.

Other bidders were: Detroit Trust Co., Detroit, \$633; Prudden & Co., Toledo, \$316; A. T. Bell & Co., Toledo, \$439; W. L. Slayton & Co., Toledo, \$711.20; Hayden, Miller & Co., Cleveland, \$325.36; Seasongood & Mayer, Cincinnati, \$30; The Provident & Savings Trust Co., Cincinnati, \$632.80; L. H. Rollins & Son, Chicago, \$711.20 and N. S. Hill & Co., Cincinnati, \$588.66.

THREATEN STRIKE

Cleveland Tugmen and Fishermen May Walk Out

CLEVELAND — (By United Press) — A strike was threatened by Cleveland tugmen and fishermen today. They said they would not accept the demands of dealers to revert to the 1919 scale.

The fishing season opens Tuesday, but there was no sign of life around the boats today.

Fishermen and tugmen demand the 1920 wage scale. This was \$165 a month and three per cent of the gross earnings for tugmen. Fishermen received \$6 a day.

Dealers have offered tugmen \$150 and three per cent of the gross earnings, and fishermen \$5 a day.

"We are ready to meet with tugmen and fishermen at any time to attempt a settlement," said E. T. Case, president of the Dealers' Association today.

Distribution of the March settlement of taxes and warrants for amounts each sub-division of Allen county is entitled to for the next six months has been made by County Auditor C. R. BANKS IN MEXICO TO RESUME

Financial Conditions Greatly Improved by New Law.

(By International News Service)

MEXICO CITY. — The adoption of the new law expediting the reopening of the Banco Nacional de Mexico and the Banco de Londres and Mexico has greatly improved financial conditions here. Several years ago when the gold and silver reserves of these institutions were taken over by the government, bills of the Banco Nacional dropped from 40 cents on the peso to 25 cents. The Banco de Londres bills fell as low as 18 cents.

With the announcement that these banks are soon to resume business Banco Nacional bills have gone to 65 cents and Banco de Londres to 41 cents.

Other well known banks of issue admittedly solvent, have indicated equal firmness. The bills of the Mercantil de Veracruz are selling as high as 60 cents Banco de Hidalgo 60 cents, Jalisco 55 cents. The shares of these banks are at \$85.50 for Banco Nacional, \$40 for Banco de Londres, Par is \$100.

According to the Boletin Financiero de Mexico the total outstanding bills of the Banco de Londres is \$26,246,141 and debts of previous governments to the bank \$29,232,262.21. If these debts are paid in full a surplus of more than three millions of pesos remains after paying the bank's bills at par.

CHICAGO—(By Associated Press)—Judge William E. Dever today refused to comply with a motion by the state that the trial of Chicago White Sox players and others indicted in the alleged throwing of the 1919 world series be taken off the court call. He ordered another hearing for next Thursday when it is believed a date for trial will be set.

Attorneys for the defense moved that an immediate trial be held Thursday and Judge Dever said that he would announce his decision later.

Claude Williams, Buck Weaver, Oscar Felsch, and Swede Risberg were in court. Eddie Cicotte, Bill Burns, Joseph J. Sullivan, Rachel Brown, Chick Gandil and Abe Attell were reported by counsel. Hal Chase was the only defendant not present or represented by counsel.

Attorneys for the defense said that an attempt was being made to keep the indicted men under a cloud of suspicion and to prevent them from earning an honest living.

To this, the state replied that Judge Kenesaw M. Landis, baseball commissioner, already had placed the players on the ineligible list and that President Comiskey of the White Sox had said they could never play on his team, whether guilty or innocent.

Benedict Short, attorney for Williams and Jackson, said the men were being given "dirty treatment."

"There is a Caesar-like person who sits at the head of baseball and issues ukases with both hands," he said. "One of his objects seems to be to besmirch these innocent men."

Joe Jackson, also was in court, but Fred McMullin was represented by counsel.

CHICAGO—(By Associated Press)—The railroad labor board today requested four railroad heads to appear before it Wednesday morning to testify in the hearing over the national agreements. The men summoned were T. Dewitt Cuyler, chairman of the Association of Railroad Executives; W. W. Atterbury, president of the Pennsylvania; Carl R. Gray, president of the Union Pacific, and H. S. Binkerd, assistant to Mr. Atterbury.

The decision to summon the men was made in executive session after Frank P. Walsh, attorney for the four brotherhoods, had refused to go on with rebuttal testimony unless the witnesses were called.

Mr. Walsh referred to the labor situation in the packing industry, charging that the packers had "joined with the Morgans and Gays and railroad heads in a concerted attempt to ruin labor unions forever."

MEN CALLED FOR

Mr. Walsh presented a list of men he wanted subpoenaed some time ago with the request that the board have them appear last Thursday. The hearing then was postponed until today and this morning Mr. Walsh made public the following list of officials whom he said could give illuminating information if called before the board:

W. W. Atterbury, of the Pennsylvania lines; Hale Holden, of the Chicago, Burlington and Quincy; C. H. Markham, of the Illinois Central; H. E. Byram, of the Chicago, Milwaukee and St. Paul; Carl R. Gray, of the Union Pacific; W. G. Bester, of the Central of New Jersey; E. E. Loomis, of the Lehigh Valley; J. H. Young, of the Norfolk and Southern; J. H. Hustis, of the Boston and Maine; N. D. Maher, of the Norfolk and Western; and W. R. Scott, of the Southern Pacific.

OTHERS SOUGHT

These men were said to constitute the labor committee of the Association of Railroad Executives.

Subpoenas also were asked for T. Dewitt Cuyler, chairman of the Association of Railroad Executives; Robert S. Binkerd, assistant to Mr. Atterbury, and the following heads of various railroad statistical bureaus:

J. W. Higgins, Charles T. Neill, A. W. Trenholm Sr., and John G. Walber.

Walber and Neill, were present at the hearing but Mr. Walsh refused to put them on the stand. He said he wanted to question Atterbury, Gray, Binkerd and Cuyler first.

Halsey, Stuart & Co., Chicago, Ill., were the successful bidders on the \$56,000 city's portion of the trunk sewer bonds Monday noon and will be awarded the bonds by City Auditor Rupert. Sealed bids were received.

The firm bid \$1,217, \$500 more than the nearest competitor, which will reduce the amount of interest the city will have to pay on the bids 25 per cent, from 6 per cent to 5.75 per cent.

The bonds will be dated March 1, 1921, and will mature \$2,000 annually beginning March 1, 1931. The bonds will bear interest from date at the rate of 6 per cent per annum, payable semi-annually. They are issued for the purpose of

obtaining money to pay the city's portion of the cost and expense of installing relief trunk sewers in the Lima sewer district.

Other bidders were: Detroit Trust Co., Detroit, \$633; Prudden & Co., Toledo, \$316; A. T. Bell & Co., Toledo, \$439; W. L. Slayton & Co., Toledo, \$711.20; Hayden, Miller & Co., Cleveland, \$325.36; Seasongood & Mayer, Cincinnati, \$30; The Provident & Savings Trust Co., Cincinnati, \$632.80; L. H. Rollins & Son, Chicago, \$711.20 and N. S. Hill & Co., Cincinnati, \$588.66.

LEAPS INTO RIVER

CINCINNATI — A young woman, whose identity has not yet been established, leaped from the highest part of the Liberty-st. viaduct at noon today into the backwaters from the Ohio that cover the bottoms. Several men saw her leap from the structure and boats pulled out to the rescue. She was conscious when taken ashore. She was taken to the general hospital in an ambulance.

CLEVELAND — (By United Press) — A strike was threatened by Cleveland tugmen and fishermen today. They said they would not accept the demands of dealers to revert to the 1919 scale.

The fishing season opens Tuesday, but there was no sign of life around the boats today.

Fishermen and tugmen demand the 1920 wage scale. This was \$165 a month and three per cent of the gross earnings for tugmen. Fishermen received \$6 a day.

Dealers have offered tugmen \$150 and three per cent of the gross earnings, and fishermen \$5 a day.

"We are ready to meet with tugmen and fishermen at any time to attempt a settlement," said E. T. Case, president of the Dealers' Association today.

COLUMBUS STORY IS SCOUTED

Reported Willis Recommends Behmyer for Postal Job

A statement from Columbus Monday concerning the appointment of a second assistant postmaster general under Postmaster General Willis, is to the effect that United States Senator P. B. Willis decided that he would no longer remain neutral, as between P. A. Kershaw of Lima and A. Behmyer of Cincinnati, and that he had recommended the appointment of Behmyer.

Kershaw was absent from the city Monday and could not be reached with an inquiry concerning the latest angle in the contest for the appointive position, as indicated by the Columbus report.

However, close friends of Kershaw stated Monday that they scout the Columbus story, in view of representations that have been made to Kershaw within the past few days.

It is understood that no action has been taken by President Harding in designating either of the men for the place, but an appointment is expected soon.

SOX HEARING SET FOR THURSDAY

\$1,000 FINE FOR JOE SARAKOTIS

Admits Operating Still—Implies Another

Joe Sarakotis must pay a fine of \$1,000 or serve it out behind the cold grey bars of the county jail Monday afternoon in criminal court he pleaded guilty to a charge of operating two stills for distilling raisin jack and the sentence was pronounced by Judge Jackson.

An unknown man implicated by Sarakotis in the manufacture of whiskey at his home, three miles southeast of Lima on the Yoder road, is being sought. Upon condition that the second man is sought to face prosecution, the judge intimated that the convicted man would not be required to pay the full fine as assessed.

Sarakotis was arrested when city and county officers working under the direction of Chief of Police Roush and Sheriff Baxter raided his home and found two gigantic stills, 10 barrels of mash and a quantity of liquor.

FROCK SHOWS NEW VOGUE FOR LACE

By ELOISE.

There is a new vogue for lace which seems to put all other fabrics in the background. Lace is being used more than ever, not only as trimming, but in the developing of entire frocks. The very newest and smartest evening gowns are made of delicate and other delicate laces, made over chiffon, georgette, satin or tulle. The newest after-lunch frocks have lace overskirts, sleeves, collars and all kinds of trills. And frocks for the coming summer are using lace and insertions everywhere.

This costume is one of the many pretty models for formal wear. It is developed of such beautiful lace that no other trimming is needed. The simple skirt and waist are such as to effectively show the dainty rose design of the lace. There are, however, two unique touches, the lace inserts in the underskirt, which are of a triangular shape, and the net "flap" which falls down the side front as a finish for the girlish.

TO BE SMART—WITH CUT

Shops which specialize in children's clothing are featuring white for Easter frocks. It is quite appropriate, too, as it is not only symbolic for the innocence of youth, but for the season of the year. Here are three very attractive models which will delight any little miss. The frock at the left is made of white georgette over a slip of white tulle. The skirt is trimmed with fitted georgette ruffles and the collar and sleeves are trimmed with the same. A high waistline is marked by a narrow ruffle and twisted satin ribbon in pastel shades ending in rosettes and streamers in front. White georgette fashions the frock on the right also. Very narrow

gathered ruffles trim the skirt, neck and sleeves. A blue satin sash which ties in front and falls to the sides, where the ends are caught in tiny rosettes, forms the trimming.

Organdy fashions the frock in the center, which is designed for the junior miss. Here, too, ruffles form the trimming. They are placed on the skirt just above the hem and thus make the tall girl look shorter. A bit of lace at the neck and ribbon rosettes form a dainty trimming touch.

latter fingers make into small balls. Brussels sprouts — Remove the outer yellow leaves, cut the stock off near the head and soak in cold water for an hour. Drain and drop in boiling salt water. Boil quickly about twenty minutes or less, watching if tender, then place in a colander and let cold water run thru them.

They may be served hot or cold in several ways. If hot, pour a cream sauce over them, sprinkling the top with finely grated cheese. Or they may be lightly sautéed in butter over a hot fire. Cook only about five minutes, lightly browning the outer leaves.

If desired as a salad, set aside to get cold and serve with a sprinkling of finely chopped hard-boiled egg and a French dressing.

TESTED RECIPES

Bean Purée—Soak one cup of navy beans overnight. Simmer until almost tender. Add one head of celery and one onion. Simmer until tender. Press thru a sieve. Heat again and add two tablespoons butter melted, to which is added one tablespoon flour and one-half can strained tomato juice. Simmer and serve hot.

Swiss Steak with Dumplings — A cheaper cut of the round may be used for this. Prepare as for swiss steak, simmer for at least an hour, and then add one teaspoon dumpling batter on each piece of meat. Cover tightly and set on back of stove. Remove at meal time and make brown gravy in skillet. The dumplings should cook fifteen minutes.

Escalloped Dried Corn—Two cups stewed dried corn, two eggs, one teaspoon salt, melted butter, two teaspoons sugar. Scald milk in double boiler, beat eggs and add milk and eggs to corn. Season, place in casserole and bake in moderate oven.

Date Salad—One cup of stoned dates, two oranges. Dice and fold together with mayonnaise. Place spoonful of slice of pineapple. Serve cold.

Chop Hash — Boil the carrots, drain and chop coarsely. Add an equal quantity of chopped cooked potato, one teaspoon of minced onion, one tablespoon of shredded parsley, salt and paprika to taste and two chopped hard-boiled eggs. Moisten slightly with a little cream and turn into a hot frying pan. Boiling two tablespoons of hot bacon drippings. Then turn the hash rapidly until heated thru, put into an oval cake and brown on the under side. Serve inverted on a hot platter with the brown crust on top.

Escalloped Potatoes with Onions — Peel and slice potatoes and a couple onions, cook until done in salted water. Take from fire and drain, add a little salt, pepper, one teaspoon flour, milk and butter or cream. Set in oven till brown, then serve.

Noodles with Creamed Ham — Grind thru food chopper the amount of one pound, taking the same amount of white sauce and combining the two. Boil noodles, drain and spread on platter and pour creamed ham over them.

Potato Candy—One medium size potato boiled and mashed fine, add two teaspoons butter, one-quarter pound coconut, one teaspoon vanilla; stir in one pound powdered sugar and heat until creamy. Put sugar in a buttered tin until hard, make one-inch thick and pour over two square bitter chocolate (melted). Let it stand in the cold for two hours.

Puffed Rice Balls — Boil together one cup sugar, one-half cup molasses and one-half cup vinegar until it hardens in cold water. Pour this over the contents of a box of puffed rice. Stir and with butter.

EASY TO PREPARE

Velvet Heart — Scoop out a calf's heart. Refill with seasoned stuffing. Steam or boil tender, then bake until browned. Cover with boiled spaghetti and serve with gravy from drippings.

Scotch Toast — Remove fat from two quarts mutton broth, add half pint oatmeal and two minced onions, and salt, pepper a sprig of parsley. Cover and cook gently about three or four hours, strain and serve with butter toast fingers.

French Rice Loaf — Pick or soak for twelve hours or more cups of split peas. Drain the add one pound unglazed rice, two teaspoons salt, one-half teaspoon ginger and a dash of pepper. Add one quart water. Cook until tender and dry. Pack mound and garnish with fried onions and hard-cooked potatoes.

Stuffed Oysters — Pick over one dozen large oysters, ready one dozen thin slices and one dozen pieces toast rounds. Wrap each oyster in a of bacon and secure it in place with a wooden skewer or toothpick. Oysters in a hot oven to cook. Then place them on the round toast. Sprinkle with salt and ka and garnish with crisp parsley.

Cream of Potato Soup — Potatoes, one pint milk, one spoon flour, one tablespoon one tablespoon chopped onion, one teaspoon salt, speck of white, one tablespoon finely chopped leek.

Cook potatoes until soft milk in double boiler with drain and mash potatoes; add milk and seasoning to potatoes; rub all thru strainer return to double boiler. Butter and flour cooked together boil five minutes, add parsley.

WIFE OBJECTS TO CARD PLAYING

BY SUSIE SMART

Dear Miss Smart: I HAVE been married a number of years and my wife and I have always been happy. However there is one thing which we can't agree on and sometimes it does cause a little trouble.

SURELY, if you and your wife are so happy and seem to agree upon most things, you could reach some compromise on your one cause of unhappiness and misunderstanding.

Perhaps your wife does not object to card playing itself but to other things. Many persons agree that there is no harm in an ordinary game of cards. It is all in what people make of it. Probably it is your associates to whom your wife objects—those with whom you play cards. Then also, it might be that you have been playing for money and at times suffered losses. Sometimes men become so engrossed in a friendly game of poker or whatever it may be, that they do not realize just how much of their money is going to waste.

Be considerate of your wife and her pleasures. Take her out in the evenings for a diversion. When you want to play cards invite a few friends or take her with you wherever you go and let her see what pleasures she can have.

Dear Miss Smart: I am planning to give a stag party for my husband's birthday. Could you suggest what kind of refreshments to serve? I would be much obliged for any suggestions from you in regard to entertainment.

A CONSTANT READER If you are not planning to have the guests for dinner, you might serve oyster patties (delicious patties may be obtained at any bakery), salad of some kind, sandwiches, olives or pickles, gelatine or ice cream, cake and coffee. Men enjoy joy cards. Why not have them spend their evening in cards?

TRUTH

Truth cannot be disputed. Neither can you dispute the fact that advertising is the foundation for all big and lasting business success.

But advertising need not start big. Begin with space in the Want Ads and you will soon find that the increase in your business will demand larger advertising.

That is the way they all start—with the Want Ads.

THE PARADISE MYSTERY

By J. B. FLETCHER

Bryce had kept his eyes on Mary's hands, and now at last he saw the truth. His fingers trembled. But her face was steady enough when she spoke.

"Is that mere conjecture on your part, or is it based on any fact?" she asked.

"I'm not in full knowledge of all the facts," answered Bryce, "but I've heard enough to know that there's a basis of undeniable fact on which they're going. I know, for instance, beyond doubt, that Braden and Ransford were bosom friends, and that Braden had wanted a girl whom Ransford had wanted for himself. Ransford's wife suddenly left him, mysteriously, a few years later, and at the same time, Ransford had an equally mysterious disappearance. The police know all that. What is the inference to be drawn? What inference would any one—you, yourself, for example—draw?"

"None, till I've heard what Doctor Ransford had to say," replied Bryce.

Bryce disliked that ready retort. He was beginning to feel that he was being met by some force stronger than his own.

"That's all very well," he remarked. "I don't say that I wouldn't do the same. But I'm only explaining the police position, and showing you the danger likely to arise from it. The police theory is this, as far as I can make it out: Ransford, years ago, did Braden a wrong, and Braden swore revenge when he was certain. Circumstances prevented Braden from seeking him for some time; at last they came here, by accident. Here the police aren't decided. One theory is that there was an altercation, blows were exchanged, in the course of which Braden met his death; the other is that Ransford deliberately took Braden up into the gallery and flung him thru that open doorway."

"That," observed Mary, with some indignation, "seems very likely. I should think it would occur to anybody but the sort of people you're telling me of. No one of any real sense would believe in a minute."

"Some people of plain common sense do believe in it for all that," replied Bryce. "For it's quite possible. But as I say, I'm only repeating the police position, and showing you the danger likely to arise from it. The police theory is this, as far as I can make it out: Ransford, years ago, did Braden a wrong, and Braden swore revenge when he was certain. Circumstances prevented Braden from seeking him for some time; at last they came here, by accident. Here the police aren't decided. One theory is that there was an altercation, blows were exchanged, in the course of which Braden met his death; the other is that Ransford deliberately took Braden up into the gallery and flung him thru that open doorway."

"I am in possession of certain facts," began Bryce.

Mary stopped him with a look.

"My turn!" she said. "You're in possession of certain facts. Now isn't it the truth that the facts you are in possession of are proof enough to you that Doctor Ransford is as innocent as I am? It's no use your trying to deceive me! Isn't that so?"

"I could certainly turn the police off his track," admitted Bryce, who was growing highly uncomfortable. "I could divert—"

Mary gave him another look and dropping her needlework continued to watch him steadily.

"Do you call yourself a gentleman?" she asked quietly. "Or will you leave the term out. Do you call yourself even decently honest? For if you do, how can you have the sheer impudence—more, indeed—to come here and tell me this when you know that the police are wrong and that you could—use your own term, which is your way of putting it—turn them off the wrong track? Whatever sort of man are you? Do you want to know my opinion of you in plain words?"

"You seem very anxious to give

it, anyway," retorted Bryce.

"I will give it, and it will perhaps put an end to this," answered Mary. "If you are in possession of anything in the way of evidence which would prove Doctor Ransford's innocence and you are willfully suppressing it, you are bad, wicked, base, cruel, unfit for any decent being's society!" and she added, as she picked up her work and rose, "you're not going to have any more of mine!"

A moment," said Bryce. He was conscious that he had somehow played all his cards badly, and wanted another opening. "You're misunderstanding me altogether! I never said—never inferred—that I wouldn't save Ransford."

"Then, if there's need, which I don't admit, you acknowledge that you could save him?" she exclaimed sharply. "Just as I thought. Then if you're an honest man, a man with any pretensions to honor, why don't you at once? Any man who had such feelings as those I've just mentioned wouldn't hesitate, one second. But you—you—you come and—talk about it! As if it were a game! Doctor Bryce, you make me feel sick, mentally, morally sick."

dreams tonight and forgive her for her craziness. The appointment is paid, for up to end of June, so you have nothing to worry about. Everything is it is yours now. That's all dearling. Many, many kisses to you, from your loving cousin, Fern.

As she finished the reading of this letter, a groan broke from Gwendolyn's lips, and she threw herself onto her bed. She lay there overcome by the shock. Blinding tears rose to her eyes and she sobbed in an agony of despair, as she realized just what Fern had done and what the loss of her companionship would mean to her. Once she heard Fedya call her name, but made no answer. There was nothing but tears connected with this thing called love, it seemed.

Children Cry FOR FLETCHER'S CASTORIA

JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. BENZ, 131 2nd Ave., Altoona, Pa.

No woman can realize the joy and happiness this healthy babe brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from ailments peculiar to her sex, as indicated by backaches, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

HER OWN CAREER

By PHYLLIS PHILLIPS

"My dearest little Gwendy," ran the note in Fern's childish, scrawly handwriting, "I will be far away by the time you get this letter from me, and yet I cannot tell you just where I will be or just what corner of the world I shall be in, but wherever it is, please know that to me it will be heaven, for I shall be with my darling Manuel, and he has the right to take me where he will. Maybe you have seen that I was falling in love with him, and now you must know from me that I love him—love him—adore him as I do my God, the this must seem sacrilegious to you, Gwendy, mine, for you have not yet come to know what the kiss of a man can do, nor to feel the fires of love sweep thru your being as I have. Some day you will know, and then—then, my darling, look out! A woman is no stronger than her love. Manuel and I love each other. We want and need each other more than anything else on earth, and so, because he has asked me to go with him, and share his lot and his love, I go. I would go to the ends of the world for him and with him, as I would die for his love, if it were necessary. That's how I take love, dear. That's how I feel. If you can understand, and forgive, you will be proving to me that you are the finest girl in the world. If you can see as I see, and understand, and if you will send me a

The great energy-food has three flavors!

Which Karo do you like best?

MANY who prefer a rather sweet syrup choose Red Karo, as it gives foods their fullest natural taste. Because it looks like honey, many like it as a spread for cakes and waffles.

Red Karo is a wonderful syrup for sweetening in cooking and baking. Karo-made cakes, cookies and raisin bread are perfectly delicious.

But as a table syrup—with a thick heavy body, that pours nicely, and yet does not soak into the breakfast cakes—you may perhaps choose Bliss Karo or Green Karo. Green Karo, with its delicious maple flavor, is made with the highest grade pure maple sugar from Vermont and Canada.

The secret of nutrition in Karo

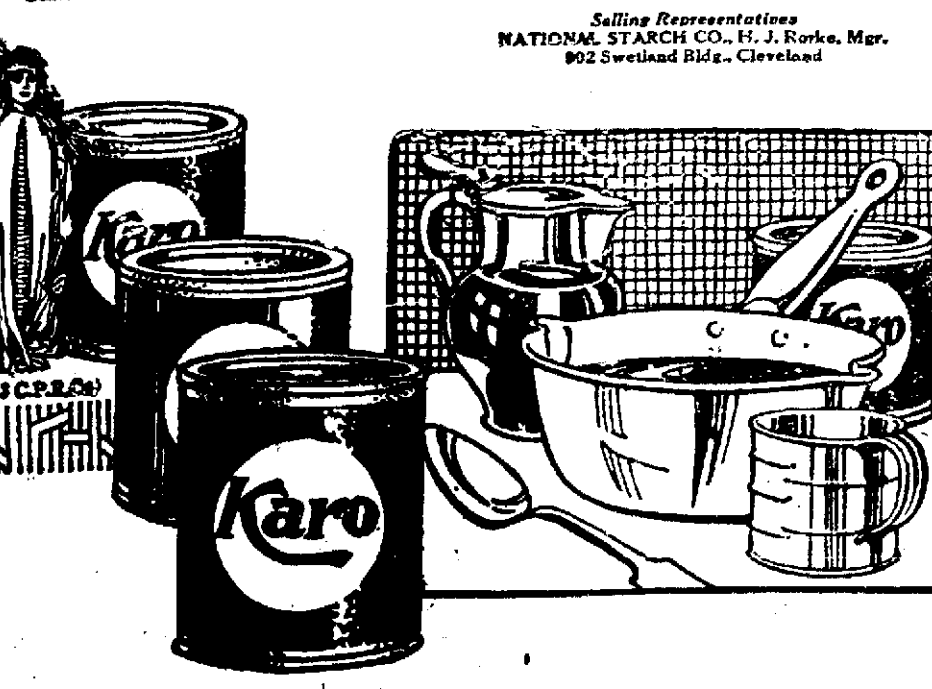

Perhaps you did not know that you cannot live long without Dextrose. Most foods you eat—such as bread, starchy vegetables, and all forms of sugar—have to be changed into Dextrose before your system can use them as energy foods. Karo is rich in pure Dextrose.

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight cans and highest quality.

A 10-Day Tube of Pepsodent to show you how to end film. See below.

Five Quick Effects

When you brush teeth in this way

This new way of tooth brushing brings five desired effects. Some are immediate, all are quick. A ten-day test, which costs you nothing, will clearly show you what they mean to you.

Leading dentists everywhere advise this new-day method. Millions now employ it. You see the results in glistening teeth wherever people gather. Now let your own teeth show them.

You must fight film

Brushing does not save the teeth if you leave the film. That's why well-brushed teeth so often discolor and decay.

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The ordinary tooth paste does not end it, so very few people have escaped its damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So dental science has in late years sought ways to fight that film.

Scientific methods

Efficient methods have been found. Able authorities have proved them by many careful tests. The best dental opinion endorses them.

These methods are combined in a dentifrice called Pepsodent. And to let all know its benefits a 10-Day Tube is being sent to everyone who asks.

A 10-day test is free

Pepsodent quickly proves itself. The results are unique and conspicuous. And a book we send tells what each one means.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The saliva's alkalinity is multiplied also. That to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

Pepsodent, twice daily, attacks the teeth's chief enemies.

Send the coupon for this 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

The results in ten days will amaze and delight you. Make this test now. Cut out the coupon so you won't forget.

ENTRIES FOR DAVIS MEET TO CLOSE

NEW YORK—Entries for the Davis Cup Championship matches of 1921, emblematic of the world's team lawn tennis honors, will close here tomorrow.

The following day the draw for the preliminary ties or rounds will be made and before nightfall every tennis-playing nation in the world will know the order in which the various nationalities will battle for the right to challenge the cup-holding Americans.

DRAW IS INTERESTING
With a record-breaking list of entries in hand and the possibility that one or two more nations may decide to challenge at the last moment, the draw is likely to prove a dramatic and complicated event. Everything depends upon the "luck of the draw" so far as several of the nations entered are concerned.

If they are fortunate enough to draw a bye or place in a so-called "Soft Spot" they may progress much further than would be the case where they to be drawn against one of the stronger tennis-playing nations. The drawing of the two strongest nations against each other in the first round would also furnish more or less of an anti-climax.

RESULTS ARE AWAITED
For these reasons the results of the drawing and the methods to be used are of interest to tennis players in all parts of the world. The formula for the draw is as follows: The names of the various entering nations shall be written on separate sheets of paper, each repeatedly folded in an identical manner and the resultant squares of paper placed in a receptacle, well shaken and withdrawn one at a time. Previously a chart shall have been prepared according to the number of entries, and the nations entered therein in accordance with the following rule:

RULES OF MEET
"When the number of competitors is 4, 8, 16 or any other higher power of 2, they shall meet in pairs, the number of competitors being equally divided into an upper and lower half of the draw. When the number of competitors is not a power of 2, there shall be byes in the first round. The number of byes shall be equal to the difference between the number of competitors and the next highest power of 2, and the number of pairs that shall meet in the first round shall be equal to the difference between the number of competitors and the next lower power of 2."

Immediately after the completion of the draw the United States Lawn Tennis Association will notify the nations entered for the Davis Cup the result of the game and request that all matches resulting from the draw shall be completed not later than a certain date, which this year will probably be about the middle of August.

Whatever the date fixed, ample time will be given the challenging nation to prepare for the challenge round to be played against the United States team at Forest Hills, N. Y., beginning September 2.

TEAMS FROM ALL PARTS
With teams entered from the British Isles, Canada, Belgium, Australia, All-India, Spain, France, Philippines, Holland and Czechoslovakia interest in the matches is extremely keen. Applications have been received by the Tennis Association from more than enough cities in the East and Central West to stage all matches which would result from an entry of more than a dozen nations. While the rules do not require that any of such matches, other than the challenge round, shall be played in the United States, it is hoped that at least half of the preliminary matches can be staged in this country with the consent of the contending nations.

SOME HI SPOTS IN SPORT

HEINIE ZIMMERMAN, who was "dropped" by the Giants in September, 1919, and has been kept out of organized baseball since, now admits the truth of charges made by Manager John J. McGraw last fall. McGraw in that statement, which wasn't denied, declared that Zimmerman had "confessed" to him in the presence of President Charles A. Stenham of the Giants that he had attempted to bribe Benny Kauff to throw a certain game in Chicago.

Kauff, according to McGraw's explanation of Zimmerman's business, promptly exposed Heinie, who was suspended indefinitely. Zimmerman admits that he told Kauff, also Fred Toney and Ruben Denton of the Giants, that a certain man would give \$100 to each of them if they would play to lose. Heinie didn't offer money, he says, but just carried a message from a supposed gambler, whose name he fails to disclose.

In other words, Zimmerman simply justifies the action of McGraw in putting him out of organized baseball for all time.

WRITES A Brooklyn scribe: "We have had recurrent occasion to remark that the real test of an infielder's worth is, as a rule, not his fielding average, but his average of assists per game. The infielder who has numerous assists, and likewise more than his share of errors, has at least demonstrated that he was going after everything in sight. When the number of assists per game is exceptionally high it is almost a dead moral certainty that the fielder, by his extra exertions, has done more good than his errors have done harm."

An illustration of how fielding averages, or percentages, may be misleading, is revealed by a glance at the figures of George Sisler, first baseman of the St. Louis Browns. Sixty was Sisler's position among the American league first basemen who played in 100 or more games. He took part in 121 games and made sixteen errors, or one error per 5.56 games. But, gentle reader, note that in his 124 games G. Sisler bestirred himself to make 170 assists, which equaled the major league record for first basemen.

IS CARPENTIER TRYING TO EDGE OUT OF FIGHTING DEMPSEY?

(By HENRY L. FARRELL.)
(United Press Staff Correspondent.)

NEW YORK.—Broadway heard rumors today that Georges Carpentier is getting ready to run out of his match with Jack Dempsey.

The failure of the Frenchmen to get their forfeit over here to rest alongside of Tex Rickard's and Jack Dempsey's good faith money is taken by some to mean that the pedal extremities of the European champion are beginning to cool.

Again it said that Carpentier was willing to be maimed for \$200,000, but his wife will not consent to have him ruined for a cent less, it being reported that Rickard asked him to lessen his fees.

Rickard has quit talking, but he seems perfectly satisfied with developments. From outward appearances, he isn't worried.

There doesn't seem to be good excuses for expecting hitches.

Just a week ago, Descamps, the Frenchman's manager, said he would comply with Rickard's suggestion that their foreign money be posted on this side. The Frenchmen are on a tour of Europe and they cannot attend to business with the celerity possible if they were at home in Paris. Besides, Frenchmen never see the need of a rush and the date of the meeting is months away.

In regard to the reduction of the purse, Rickard told the United Press recently that he had not suggested a purse cut to Carpentier or not asked him to work on a percentage basis.

He indicated that he might ask him to work for a "cut of the gate," when they came to this

country, feeling that much more could be accomplished by conversation than by cable.

Gus Wilson, Carpentier's trainer, who is waiting over in Jersey for his employers to return, laughs at the fears that Carpentier will slip out of the noose.

"Carpentier has been working all his life for this bout. He never will consent to having it called off, let alone trying to get out of it himself," he said.

"Descamps thinks that Dempsey is trying to get away from the agreement and he writes him that he will start legal proceedings to collect the forfeits just as soon as any part of the agreement is violated."

Rickard said today he might be ready to announce the site for the bout tomorrow.

BOWLERS ARE KNOCKIN' 'EM ALL OVER

BUFFALO, N. Y. — Today marked the opening of the third week of the American Bowling Congress and the 1921 championship have some top-heavy scores to roll against.

There are now 24 teams with scores over a 2,800 total in the five man event, 15 pairs have passed the 1,200 total in the doubles, seven individual bowlers show scores over 650 pins and 17 have shot over a score of 1,800 for 9 games in the all-events competition.

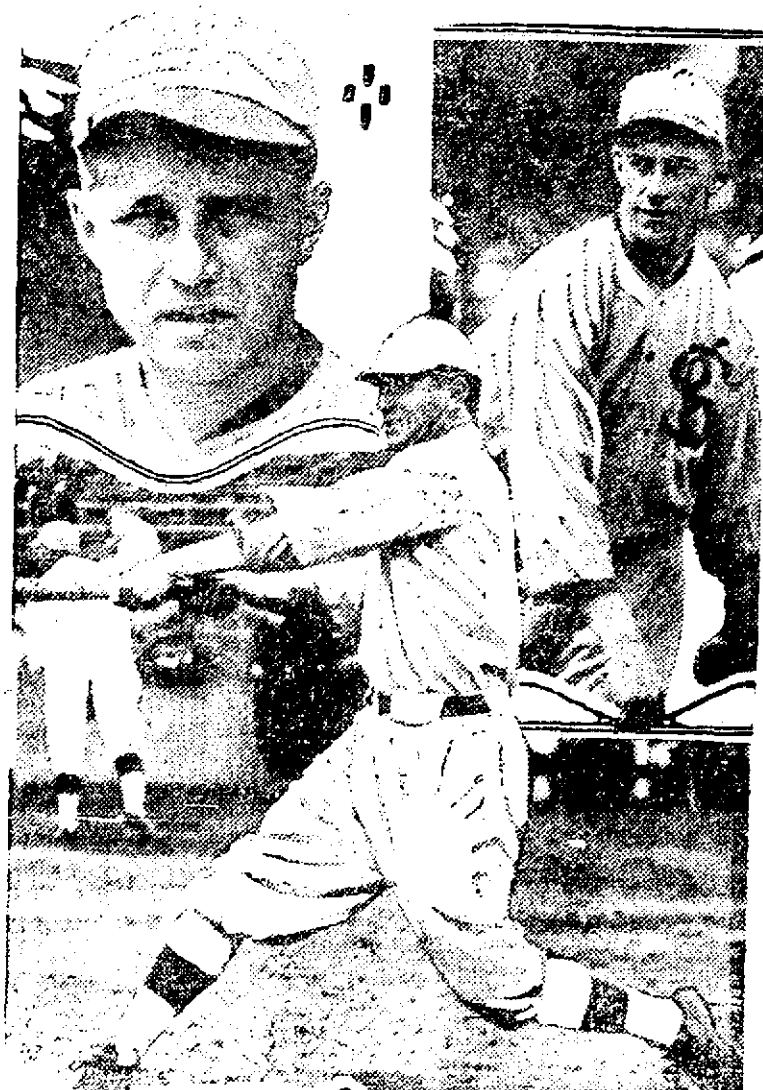

Six of the 15 high totals in the two man event were rolled yesterday. The Crosse Imperials of Chicago in the five man event last night was one of the teams to total more than 2,800. They took ninth place with an aggregate of 2,808 pins.

New York City will make another attempt to carry off the championship with four teams in the five man event tonight.

time will be given the challenging nation to prepare for the challenge round to be played against the United States team at Forest Hills, N. Y., beginning September 2.

LAST OF GREAT OUTFIELD TRIO DEPARTS FROM RED SOX FOLD

Harry Hooper, as Hub fans know him, at bat. Above, Nemo Leibold, at left, and John Collins.

When the Red Sox swapped Harry Hooper to the Chicago Sox the other day for Nemo Leibold and John Shano Collins, it meant the departure from Boston of the last member of the great outfield trio, Hooper, Speaker and Lewis, which helped the Red Sox win pennants in 1912-15.

The three men formed what was then admittedly the greatest outfield crew in the game. Lewis and Hooper were members of the championship team of 1916. Speaker had joined the Indians. Lewis later went to the Yankees.

SHORT SHAVINGS

Mose Johnson was under sentence of death in a Kentucky jail, and on the fateful day drew near he grew

very nervous about it. The keeper, a sympathetic man, suggested that Mose's only hope lay in an appeal to the governor. As Mose could not write the keeper offered to write a letter from dictation.

Mose, after collecting his thoughts very earnestly for a full five minutes, dictated the following: "Dear Marso Gue'nah: They're fixin' to hang me come this Friday, and here it is Tuesday. Mose Johnson."

Said the manager to the office boy: "Come here, George." "Well, sir?" replied George. "I have cautioned about being late and here you are late again. I insist that you be on time in the future. What's the matter, any sickness at your house?" "Yes, sir," said George, "sleeping sickness."

Seven-year-old Jean and her mother were invited to an informal party. They went. There the guests talked and talked, and finally the hostess passed for refreshments some wonderful fruit and candy. Little Jean ate with the others, but looked expectantly for something else. But nothing came.

On the way home she voiced her disappointment to mother. "I don't see why they call a thing like that a party," she complained. "I don't think much of a party where you don't have a drop to drink."

GUARD AGAINST AN EPIDEMIC

Enrich and Strengthen Your Blood Now With That Splendid Tonic, Gude's Pepto-Mangan

Rich Red Blood Fights Germs

If You Are Pale, Overtired, Lacking in Energy and Enthusiasm, Your Blood is Probably Thin and Needs a Tonic

The first and perhaps the only thing you can do to avoid the dangers that would come if there were an epidemic, is to take special care of your health. Keep your blood in good condition. The blood very often gets in bad shape almost without your knowing it. How many times you feel tired and exhausted. You have an all-gone feeling for weeks. You don't care about eating or going anywhere. Your work becomes an effort and you wake up in the morning more tired than when you went to bed.

When you feel like that, look to your blood. You can be pretty sure it is in a weakened condition. You have been straining either mentally or physically and your blood has become clogged with poison.

Don't let yourself get run down. If you do not feel right, begin taking Gude's Pepto-Mangan and keep it up for a while.

Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer and be sure it is genuine "Gude's Pepto-Mangan." The name "Gude's" is on the package.—Adv.

NIFTY TOGS FOR LIMA "COPS"

Order Placed by Chief Roush for Summer Uniforms

Lima is going to have the sportiest bunch of "cops" this summer it has ever had.

Nifty summer suits, brightly trimmed in the latest fashion, were ordered Monday by Chief of Police O. J. Roush.

The coats will be exactly like those used by men for street wear, save that they will be blue, with light trimming and the emblematic brass buttons.

By this plan, Chief Roush expects to protect his "blue coats" from mid-summer heat. The military collar will be entirely done away with.

The men may choose their own colored shirts and may wear the kind of collar that is the most comfortable to them.

Trousers will be made to correspond with the style of the coats. They will be tight legged, with a small cuff.

All in all, they're going to be some classy looking boys when they step out in their new togs.

All Mothers Will Find Use For This Laxative

Give Dr. Caldwell's Syrup Pepsin to a constipated child and note its quick recovery.

In a growing family the subject of thought with the parents is how to keep the children healthy and happy, and what to do when they become ill. Most illnesses of childhood are the symptoms of constipation, such as headaches, coated tongues, flatulence, dizziness, loss of appetite and sleep, biliousness, etc.

You can surely feel safe in doing what tens of thousands of others do with good results, so give, according to the age of the child, a small quantity of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought last year at drug stores. It is America's favorite family remedy for constipation, indigestion and similar ills, and is especially suitable for children, women and old folks as it is so mild and gentle in action.

There is no secret about Dr. Caldwell's Syrup Pepsin. It is a combination of Egyptian Senna and other simple laxative herbs with pepsin and pleasant tasting aromatics. Druggists have sold it for thirty years, and a sixty cent bottle will last for months. Experienced mothers are never without it in the house.
